

1. How was our "performance" as your Emcee, DJ, and entertainment? (1 poor - 10 excellent)
10—excellent
2. How well did we do with meeting your expectations for your entertainment at your reception? (1 poor - 10 excellent)
10—Wonderful. The music was great, your decorations were great, your attitudes were great
3. How did we do with playing your music selections? (1 poor - 10 excellent)
10—excellent. I heard the only songs I wanted to hear
4. Were there any songs that you wish that we could have played?
Between running outside and back inside, I'm sure I missed a few songs, but everything that I heard was fun and perfect.
5. Did we miss anything (songs or otherwise) that was important to you?
Nothing was missing from the day at all!
6. How was the overall appearance of our setup?
I liked your setup. It was professional looking but also Halloween themed!
7. Did it fit well with your decorations?
I think that your setup fit perfectly with the room and the decorations.
8. What, if anything, would you have changed about the appearance of our setup?
I wouldn't change a thing!
9. Thinking about our planning worksheet that we gave you to use, Was there any items that we should add to our choices?
I didn't really use the planning sheet too much because we didn't really have all that many activities to time out, but the song lists you provided and the information on the planning sheet gave me a better idea of what and when things should take place during the reception.
10. Thinking about the outline of events, would you have changed the order of anything, or added/subtracted any activity from the outline?
We had to change things on the fly because of guest travel schedules. You were able to perfectly make that happen and everything else went along smoothly.
11. Overall, is there anything else that you would have liked to have changed, or anything you would like to have added, or done more of in regards to the entertainment?
I wouldn't have changed anything. Your services were much appreciated and very professional. Most of the guests have been saying this was "the best wedding ever." We even got an "A+" from a hard to please guest. I feel that your DJ services did nothing but add to the night. I am definitely glad that Gail referred me to you. Our "big day" couldn't have been any better!!
